2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 1(c) Other: The full text of any replacement paragraph with marking to show all the changes relative to the previous version of the paragraph must be provided. The text of any added subject matter must be shown by strike-through, and the text of any added subject matter must be shown by underlining the added text. The amendment to the paragraph at page 14, lines 9-19 contains a word that has both strike-through and underlining. Further, the amendment of the paragraph beginning at page 34, line 30 contains a word that has both strike-through and underlining. Moreover, the instruction to insert the description of new Figure 4 after the last paragraph does not appear to be correct, because the brief description of the drawings is found on page 11 of the specification.
